

Visit to Boscombe Down Aviation Collection at Old Sarum Wednesday 22 April 2026

SoFFAAM Members and guests are welcome

Rosanne has arranged a visit to the excellent Boscombe Down Aviation Collection at Old Sarum.

This superb museum has many unique airframes and artefacts connected with the nearby Boscombe Down airfield plus aircraft from other sites such as Bedford, Llanbedr and Farnborough associated with the old A&AEE, RAE and ETPS days.

The FAA is not overlooked either with Sea Hawk, Scimitar, Sea Vixen, Wasp and Sea Harrier airframes. One of the very special features of BDAC is that they want you to sit in the cockpits of many of their exhibits. To see more information about which aircraft have 'open' cockpits that you can sit in, view their website at boscombedownaviationcollection.co.uk

The coach will leave the FAAM Car Park (where you can park your car) at 09:00 and return approximately 16:30
